You can't eat when you get hungry partner and you can't sleep at night

You can't sleep at night, you can't sleep at night
You can't eat when you get hungry partner and you can't sleep at night

I asked a married woman to let me be her kid
She said she swear she'd put that thing on me and I couldn't keep it hid

I couldn't keep it hid, I couldn't keep it hid
She said she swear she'd put that thing on me and I couldn't keep it hid

My woman quit me, got her another man
And the wayshe had that thing on me I couldn't raise my hand

Now from my experience, I'll give you your advice
If you've got a good woman partner you'd better treat her right

You'd better treat her nice, you'd better treat her nice
If you've got a good woman partner, you'd better treat her nice
