Up she jumped, down she fell, her mouth flew open like a mussel shell
now ride him over, give him a coca cola, lemon soda, saucer of ice cream
takes soap and water for to keep it clean

Your sister was a teddy, your daddy was a bear
put a muzzle on your mama 'cause she had bad hair

If you want to hear that elephant laugh
take him down to the river and wash his yes yes yes

If you want to go to heaven when you D-I-E
you got to put on your collar and your T-I-E

If you want to get the rabbits out the L-O-G
you got to put on the stump like a D-O-G

Run here doctor, run here fast
see what's the matter with his yes yes yes
